

K-Love serves me as a resident of my local community by providing radio programming that is not offensive for my whole family, even small children to listen to without having to worry about what the DJ's might say next. They provide good up-to-date news stories that are relevant to the culture and the events that are going on at the time.

They also provide commentaries that are helpful to marriages, parents, teens, and children. This station also provides uplifting and encouraging music which helps me and many people in our community to have good attitudes and a positive outlook each day. If this station were to be displaced the good things that come from having a positive outlook and good attitude each day would most likely be seen in people's anger and inability to handle every day situations with their employers, spouse, and children, also with their neighbors. Also this radio station provides people who are available 24 hours a day, 7 days a week that anyone can call at any time who will listen to your needs, visit with you, and pray with you and also help you find help as needed. There are no other services available that I know of that do this. This is definitely important to the public and if taken away many would suffer as a result. Please do not take away my K-Love station. I support this station financially because I believe in the work they are doing and I appreciate how they help and make a positive impact in my life and the life of my family. It also makes a positive impact worldwide which I am helping to support as well.

Thank you.
